SUMMARY

I'm a **B. TECH CSE student at Sarala Birla University**, who constantly seeks out innovative solutions to everyday problems.

I'm just a fresher with more knowledge than others — I've honed my analytical thinking and collaboration skills.

Driven to learn quickly, advance computer proficiency, and gain training in industry operations.

Solid background in field and office settings supporting team needs.

WORK EXPERIENCE

Web Developer Intern | Dilwado.com

June 2025 – August 2025

- Developed two major front-end projects using HTML, CSS, JavaScript, and WordPress.
- Improved website responsiveness and UI/UX design, enhancing overall user experience.
- Collaborated with the team to optimize e-commerce features and ensure smooth web deployment.

Web Developer Intern | Arambh Softech

May 2024 – June 2024

- Developed machine learning models for prediction.
- Coded websites using HTML, CSS, JavaScript, and jQuery.
- Gained practical experience in real-world web deployment and debugging.

Intern | Usha Martin

June 2024 – August 2024

- Worked on SAP programming software.
- Learned how industries use SAP to manage and save data efficiently.
- Applied theoretical knowledge to real-world work situations.
- Prepared project presentations and reports to assist senior staff.

EDUCATION

Sarala Birla University (SBU), Ranchi, Jharkhand

September 2022 – 2026

B.Tech in Computer Science & Engineering

- Major: Artificial Intelligence and Machine Learning
- Minor: AWS Cloud Computing

D.A.V. Nandraj Public School, Ranchi, Jharkhand

May 2020 – May 2022

10th Board (CBSE) & 12th Board (CBSE) – Science Stream (Mathematics)

10th - 78% & 12th - 75%

ADDITIONAL INFORMATION

- Technical Skills: Full Stack Web Development, Front-End (HTML, CSS, JavaScript, React), Back-End (Node.js, Express.js), Database (MySQL, MongoDB), API Integration, WordPress, Version Control (Git/GitHub), Cloud Deployment (AWS), and UI/UX Design.
- Languages: English, Hindi, Korean
- Certifications: Dilwado.com Internship Certificate, Cisco CNN Certification, Web Developer (Internship) Certificate, Big Data Analyst Certificate

PROJECTS

IT Support Ticket System (Full-Stack Project)

- Built a complete IT support management system using React.js, Node.js, Express.js, SQL, and MongoDB.
- Enabled users to submit, track, and manage tickets, with an admin panel for analytics and status updates.
- Integrated real-time communication and rich-text descriptions for efficient issue handling.

Face Emotion Detection (AI/ML Project)

- Developed a real-time face emotion recognition system using Python, OpenCV, and Machine Learning algorithms.
- Trained models to detect and classify human emotions with high accuracy.
- Integrated the model into a user-friendly VS Code application for testing and real-time webcam-based predictions.

Food App (React Project)

- Designed and developed a dark-mode food app UI using React.js with multi-screen navigation.
- Implemented features for browsing, searching, and managing recipes with modern design principles.
- Enhanced user experience through smooth transitions, animations, and responsive layouts.

My Portfolio Website

- Created a personal portfolio website using HTML, CSS, and JavaScript to showcase skills and projects.
- Implemented animated transitions and a multi-section layout for better engagement.

Hotel Automation System (React Project)

- Designed a hotel management website using React to display room availability, photos, and booking options.
- Focused on UI/UX improvements and efficient React component structuring

ACHIEVEMENTS & TRAINING

- *Completed AWS Cloud Computing minor specialization under Sarala Birla University.*
- *Earned Cisco CNN Certification, Dilwado.com Internship Certificate, and Big Data Analyst Certificate.*
- *Completed multiple industry internships (Arambh Softech, Usha Martin, Dilwado.com).*
- *Designed multiple UI/UX prototypes using Figma and Canva.*
- *Built and deployed full-stack and AI projects demonstrating strong practical skills.*

Technical Proficiency / Tools & Frameworks

Frontend: HTML5, CSS3, JavaScript (ES6+), React.js, Tailwind CSS, Bootstrap

Backend: Node.js, Express.js

Database: MongoDB, MySQL

Tools: Git, GitHub, Postman, VS Code, Figma, Canva

Machine Learning: Python, NumPy, Pandas, OpenCV, TensorFlow (basics)

Other: WordPress, RESTful APIs, JSON, Responsive Web Design

INTERESTS

UI/UX Design, Problem Solving, Front-End Optimization

Artificial Intelligence, Data Visualization, Cloud Architecture

Reading about Psychology & Human Behavior (ties well with Emotion Detection project)
